Dear Art:

Congratulations on renewal of your National EMS Certification for the next 2 year cycle. We recognize the contribution you have made toward the validation of your continued cognitive, psychomotor and field competency as an EMS professional. NREMT certification signifies to the public and your peers that you have gone through a rigorous testing process and maintained those standards through recertification. You should be proud of maintaining your NREMT certification as this demonstrates your dedication to the EMS profession as well as your duty to protect the public and our nation.

Your current National EMS Certification will expire on the date printed on the certification card below. Be sure to visit [www.NREMT.org](http://www.NREMT.org) for information on the recertification process, as maintenance of your National EMS Certification is a personal responsibility. As long as your National EMS Certification remains valid, the appropriate post-nominal notation after your name for AEMT is NRAEMT.

Please keep your on-line NREMT account up-to-date (email address/ mailing address/EMS agency affiliation) so that you don't miss any important future communications. You can also track and submit your continuing education hours through your on-line NREMT account for future recertification. NREMT merchandise (decals, embroidered emblems, certificate frames, etc.) may also be purchased through your on-line NREMT account at [www.NREMT.org](http://www.NREMT.org).

I wish you a long, safe tenure in your EMS career and extend a sincere "Thank You" for supporting the mission of the National Registry of EMTs.

Sincerely,
